A46 Link Road – Next steps

- Develop Phase 2
 - Issues and Options Public Engagement
 - Route Option Consultation
 - Feasibility design/ surveys
 - Funding assembly
 - Construction targeting 2024
- Develop Phase 3
 - Further route study and assessment of options

Tile Hill Station

- Identified as strategic Park & Ride
- New car park under design - intended to remove overflow parking from surrounding streets
- TfWM the lead agency
- Planning application later in 2018
- Possible construction 2019/20

Coventry South Interchange

- Strategic Park and Ride for Coventry
- Accessed via A46 Link
- Feasibility study being commissioned
- Public Transport options to be reviewed:
 - Rail – new station on Coventry – Leamington Line
 - VLR – on city centre – UoW – [UK Central] route
 - Bus – via Kenilworth Road

Eastern Green

- Strategic site for housing and employment
- Funding secured for new junction on the A45 – design underway
- Site promoter – Hallam Land
- Next stage – planning application
- Aim to have junction completed prior to development taking place
